Summary:

Aspiring Full Stack Developer skilled in Java, Spring Boot, React, JavaScript, and MySQL. Built full-stack web applications, including an AI Smart Hospital Management System with REST APIs and role-based authentication. Selected for a Java Full Stack internship at TechnoSignia Software Training Institute, Pune.

Education:

Samarth College of Computer Science, Belhe **2024 – 2027**
Bachelor of Computer Applications (BCA-Science) | Sem4-SGPA: 8.45 *Savitribai Phule Pune University, (SPPU)*

Experience:

TechnoSignia Software Training Institute **Pune, Maharashtra**
Java Full Stack Intern *Oct 2026 – Now*

- Selected for a 3-month Java Full Stack internship through a competitive interview process; selection confirmed on 8 October 2026.

Projects:

AI Smart Hospital Management System | *React, Spring Boot, Java, MySQL* | (GitHub) **Aug 2026 – In Development**

- Developed a full-stack hospital management system using React, Spring Boot, Java, and MySQL.
- Implemented Patient and Doctor dashboards with role-based access.
- Developed REST APIs for patient, doctor, and appointment management.
- Connected React frontend with Spring Boot backend and MySQL database.
- Implemented login and authentication for Admin, Doctor, and Patient roles.

Quiz App | *HTML, CSS, JavaScript* | (Live Demo) **Jun 2026 – Jul 2026**

- Developed a responsive quiz application with dynamic questions, answer validation, score calculation, and result display.
- Designed a mobile-friendly interface for desktop and mobile devices.

Developer Portfolio Website | *HTML, CSS, JavaScript* | (Live Demo) **Sep 2026**

- Developed and deployed a responsive developer portfolio website to showcase technical skills, projects, education, and certifications.
- Implemented responsive navigation and interactive sections using HTML, CSS, and JavaScript.
- Deployed the portfolio on Vercel for public access and project demonstration.

Technical Skills:

Programming: Java, JavaScript, Object-Oriented Programming
Frontend: HTML, CSS, Bootstrap, React
Backend: Spring Boot, JDBC, REST APIs
Database: MySQL
API & Testing: Postman
Tools: Git, GitHub, VS Code, Canva

Certifications:

Walmart USA - Advanced Software Engineering Job Simulation (View) **Jul 2026**
Forage

∗ Completed a software engineering simulation focused on Java, software development, and problem-solving.

Agentic AI Starter (View) **May 2026**
AI Learning Program

∗ Learned AI agents, prompt engineering, and AI automation concepts.

Full Stack Developer Workshop (View) **Aug 2025**
GUVI — HCL

∗ Learned full-stack development fundamentals and Git/GitHub workflow.
